

2018 BANNED & CHALLENGED BOOKS

ALA's Office for Intellectual Freedom (OIF) receives reports from libraries, schools, and the media on attempts to ban books in communities across the country. We compile lists of challenged books in order to inform the public about censorship efforts that affect libraries and schools.

OIF tracked 347 challenges to library, school and university materials and services in 2018. This is a complete list of book titles that were banned, challenged, restricted or burned during the year.
